

BSR 550 Servo Rotary Die Cutter With Pile Feeder

The BSR 550 Servo is able to process both single and folded products. Its innovative engineering allows it to process mailings, greeting cards, folded boxes, labels, and many other products in a one-up or multi-up production setting. Because of its flexible dies, the BSR 550 Servo can punch, cut, kiss cut, perforate, score, and deboss. This machine is a workhorse that can handle a wide variety of demands and produce excellent results every time.

Standard Features

- Flexible die cutting technology
- Touch screen user interface
- Magnetic cylinder for easy die changing
- Pile feeder
- Servo drive

Optional Features

- SAB 550 stream delivery
- UEB 550 transfer table
- STA 550 stack delivery

*All features are subject to change without notice.

Multiple solutions to help you grow your bottom line.
